

1926-2026 VIGILANCE OF BRIXHAM

Vigilance, launched in Brixham in 1926 was the last sailing trawler to be built in the port. As her centenary year approached she was showing her age - but thanks to two major grants she has been magnificently restored. So now is the ideal time to get involved with our great team of volunteers eager to share their passion for sailing, and preserving this wonderful piece of floating history for the next generation.

Here's how you can help

Make a **ONE-OFF DONATION** to help us with the cost of maintaining this wonderful asset for years to come. Even better - make a small but continuing commitment.
